### MY HISTORY IS BLACK HISTORY

BY: SUSAN JACKSON

Black History Month is a time to celebrate the accomplishments of African Americans throughout history and recognize their unique contributions to our society. It is a time to reflect on the struggles that African Americans have faced and continue to face in their fight for equality. This month is also an opportunity for us to learn about the history of African Americans and how they have shaped our culture today.

In conclusion, Black History Month is an important celebration that should be embraced by all people regardless of race or ethnicity. It serves as a reminder of the progress we have made in terms of civil rights, but also highlights how much further we need to keep fighting for equality.
